

PLASTIC RECESSED NETWORK ENCLOSURES

DESCRIPTION

The DYNAMIX plastic recessed wall mount enclosures are WiFi ready which mean that they can happily house wireless networking equipment without degrading the signal coverage, unlike metal enclosures which recommend wireless devices are installed outside the enclosure. The 28" & 42" enclosure sizes meet and exceed all the requirements of the TCF "Code for Premise Wiring". Whilst the 18" is suitable for small apartment / dwelling applications. This version two of the plastic enclosure has a slim line vented lid.

FEATURES

- Slim vented 180° hinged plastic lid
- Lightweight wall/surface enclosures
- Knock outs for cable entry on top, bottom and back panel
- Dual GPO power knock outs on bottom panel
- Optional locking mechanism (purchased separately)
- Made of fire retardant plastic
- Hole matrix for device mounting
- Installation accessories included
- Ideal for wireless networking devices
- UL 2416 Listed

42" Enclosure - Closed

Cable Entry - Knock Out

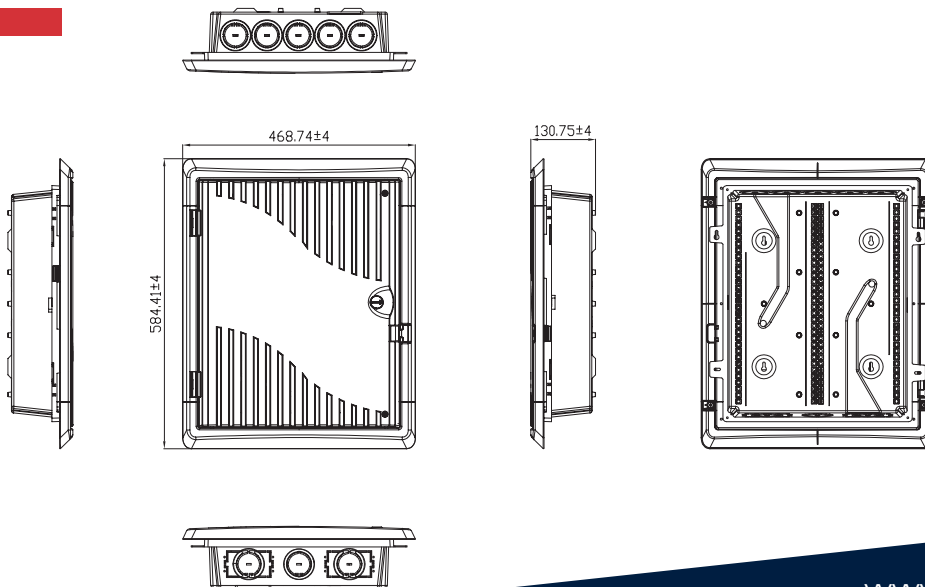

18" Enclosure - Open

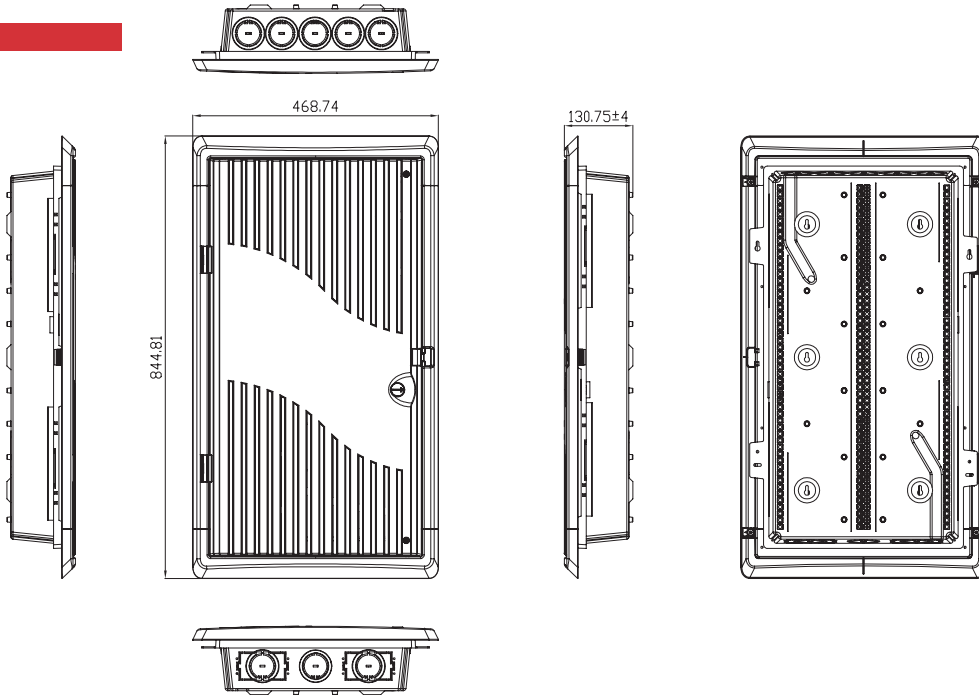

MODEL CODE	DESCRIPTION	DIMENSIONS (LxWxD)
HWS-1803WRV2	18" Recessed Plastic Recessed Network Enclosure	584.41 x 468.74 x 130.75mm
HWS-2803WRV2	28" Recessed Plastic FTTH Recessed Network Enclosure	844.81 x 468.74 x 130.75mm
HWS-4203WRV2	42" Recessed Plastic FTTH Recessed Network Enclosure	1174.80 x 468.74 x 126.08mm
