Description:

UNITEK 4-in-1 10Gbps USB-C Hub expands your Mac or Windows device with 4 USB ports (USB-A x 2, USB-C x 2), accommodating USB flash drives, mice, keyboards, and other peripherals. It is also backward compatible with USB 3.0, 2.0, and 1.1 devices for versatile connectivity.

Product Features:

- 10Gbps Data Transfer Speed:** The 4-port USB Hub supports data transfer speeds of up to 10Gbps, making it twice as fast as 5Gbps devices. Experience the fastest transfer speeds available for seamless data handling.
- Optional 5V/3A Power Supply:** An external Max 5V/3A power supply can be used to power downstream devices connected to the USB 10Gbps hub. It features anti-backflow protection to prevent power from returning to upstream devices, safeguarding them from potential damage.
- Premium Aluminum Design:** The Unitek 4-in-1 10Gbps USB-C Hub features a one-piece aluminum construction that provides premium protection, a sleek appearance, and improved heat dissipation.
- Universal Compatibility:** UNITEK uHUB Q4 4-in-1 10Gbps USB-C Hub supports hot-plugging and plug-and-play functionality with no driver required. It is compatible with Windows 7/8/10/11, Linux kernel 3.x, iPadOS, iOS, Android, and macOS 10.6 or later.
