Anti-Distracted Driving

Discover BridgeMount – a compact, lightweight marvel designed for your device-mounting needs. With N52 powerful magnets, it ensures a secure hold during any driving conditions. Attach it effortlessly to air vents, compatible with both horizontal and grid vents, thanks to its versatile and secure clamp. The 360° rotatable arm provides flexible positioning for optimal viewing angles, while the cradleless design simplifies device placement in portrait or landscape mode. Elevate your car's interior with the magnetic ring design, adding a touch of sophistication. Drive distraction-free with BridgeMount's secure clamp, prioritizing your safety on the road. Revolutionize your journey with lasting performance, magnetic elegance, and hands-free convenience.

Compact and Lightweight Design

BridgeMount is designed to be both compact and adjustable, providing a versatile and space-efficient solution for your device mounting needs. It is also a lightweight yet durable accessory for effortless installation and portability.

N52 Powerful Magnets

Featuring N52 magnets, BridgeMount ensures a strong and secure hold for your devices, offering a reliable solution for keeping your devices in place during various driving conditions.

AC Vent Mount

Easily attach BridgeMount to your air vents, providing a stable and secure grip for your devices. Compatible with both horizontal and grid vents, the secure clamp ensures a steady hold.

360° Rotatable Arm

Embrace flexible positioning with BridgeMount's rotatable arm, offering a 360° rotation feature. Effortlessly adjust your magnetic phone mount for optimal viewing angles, whether in portrait or landscape mode.

Cradleless Design

The cradleless design of BridgeMount allows you to effortlessly set your device in portrait or landscape mode, providing convenience for using music or navigation apps without the need for a traditional cradle.

Magnetic Ring Design

Boasting a magnetic ring design, BridgeMount adds a touch of sophistication to your car's interior, complementing the style of your smartphone for an aesthetically pleasing setup.

Anti-Distracted Driving

The secure clamp of BridgeMount ensures your device is held firmly in place, allowing you to drive without distractions, providing a safe and hands-free experience.
