

Human friendly

8K HDMI 2.1 Ultra Speed Cable

Support Dynamic HDR & Dolby Vision
Ideal For Ultra HD Movie & Gaming On Mega-Size TV

- Model: C11060BK-1M, C11060BK-2M, C11060BK-3M
- Products Features:
 - HDMI2.1 specification with 48Gbps mass-capacity bandwidth. Backward compatible (4K resolution can be 120Hz refresh rate).
 - Designed for transmitting up to 8K@60Hz unparalleled visual, as well as VR and 3D display signal in a lossless way even a long distance.
 - Refresh rate at 120Hz while under 4K, ultra-fast motion UHD images to be crisp and razor-sharp, and higher refresh rate when using a lower resolution.
 - With Dynamic HDR, contrast, depth, brightness, and wider color gamut are shown at ideal values on a frame-by-frame basis.
 - Support HDCP 2.3, meet the requirements of Ultra HD Netflix or Amazon Prime Video, and more.
 - With eARC, connectivity is enhanced and simplified for greater ease of use of multiple components discovery and audio optimization.
 - Support the high-bitrate audio formats up to 192kHz, 24-bit, and uncompressed 5.1 and 7.1, Dolby specific lossless audio formats, and 32-channel uncompressed audio.
 - With VRR, gameplay will be more fluid and better detailed with nearly zero lag, judder, and frame tearing.
 - Support EDID incl. self-detecting function, ALLM, QMS, and QFT.
 - High resistance against surrounding electromagnetic interference. Safe for everyone via the nil-radiation environment.
- Package Content
 - 1 x 8K HDMI 2.1 Ultra Speed Cable
 - 1 x User Manual

• Specification
