uHUB N9+

9-in-1 USB-C Ethernet Hub with HDMI and 100PD
Support USB SuperSpeed 5Gbps

- Model: D1071A
- Products Features:
 - With USB3.2 Gen1 specification over the USB-C and three USB-A data ports, data transfer rate up to 5Gbps. Backward compatible with USB2.0/1.1.
 - Another USB-C port is for fast charging, with the USB-C Power Delivery (USB PD) feature, supporting a maximum of 100W 20V/5A charging to your upstream computer. USB PD power actual output depends on your power adapter.
 - Supports HDMI up to 4K Ultra HD @60Hz with HDCP 2.2 and backward compatible.
 - With the memory card readers, supporting both 24mm size and 11mm size memory card simultaneously, with SDHC / SDXC specification up to 2TB capacity.
 - Gigabit Ethernet fully complies with the IEEE 802.3 standard, compatible with full 10/100/1000 Mbps, supports IPv4/IPv6, COE, Wake-on-LAN, full and half-duplex, automatic flip and flow control, provides a fast and stable internet connection.
 - USB-C connector allows you to connect with the devices equipped with Thunderbolt 3 port or USB-C port that supports data transfer function and DP Alt Mode.
 - With an LED indicator for the RJ45 port, green means the network is connected and yellow when data is transmitting.
 - Plug and play. Hot-swap supported.
