

Features:

- 1.Touch-sensitive process. Closed film, soft button, high quality protection technology. Site-level quality , feel more comfortable.
- 2.Fully automatic backlight. Data is clearly visible in poor lighting conditions.
- 3.Advanced laser projection technology, stable and fast, anti-jamming. Refuse to see light death, outdoor precision.
- 4.Imported optical lens with high precision and low power consumption. Millimeter measurement accuracy error +3mm.
- 5.Can store up to 20 sets of measurement data. Convenient record query.

Specifications:

Model: GSM-340

Color: Black

Measuring Range: 40 Meters

Product Accuracy: ± 3 mm

Units Of Measurement: M(m)/ft(feet)/in(inches)

Laser Level: Level II

Automatic Shut-down: 120s

Laser Type: 620~690nm

Automatically Turn Off The Laser: 15s

Laser Power: Less Than 1mw

Product Size: 120x56x27mm

Data Storage: Up To 20 Groups
