Anti-Distracted
Driving

Transform your driving experience with MagHoop-AV—a car mount designed for excellence. The powerful N52 magnets ensure a secure grip, allowing you to navigate any journey with confidence. Easily attachable to all air vents, its 360° rotatable design provides optimal viewing angles for a hands-free experience. The anti-distraction clamp ensures your device stays secure, promoting safe and focused driving. Embrace versatility with the cradleless design, supporting portrait or landscape mode. Elevate your car interior with MagHoop-AV, where style meets functionality for the ultimate driving companion.

N52 Powerful Magnets

Eliminate the hassle of awkward fumbling; the perfectly aligned N52 magnets on MagHoop-AV quickly and seamlessly snap onto your devices, ensuring a secure hold even during bumps and turns

AC Vent Mounting

This car mount can be easily attached to all air vents and is compatible with both horizontal and grid vents. The secure clamp locks and provides a stable grip

360° Rotatable Design

MagHoop-AV has a 360° rotatable arm, that ensures flexible and adjustable positioning for optimal viewing angles throughout your journey

Anti-Distracted Driving

The secure clamp will hold up your device securely while allowing you to drive without any distractions

Cradleless Design

The cradleless design allows you to set your music in portrait mode or use the navigation in landscape mode with ease

Magnetic Ring Design

MagHoop-AV boasts a distinctive magnetic ring design that complements your smartphone, adding a touch of sophistication to your car's interior
