# Foldable Laptop Stand

Create Comfortable Angle  
Help In Ventilation & Cooling

- Model: OT155SL
- Products Features:
  - Portable and convenient for storage when it folds up.
  - 6 adjustable levels of tilt, it is an excellent laptop riser to create comforts for your neck and cervical spine during reading and typing.
  - Made with aluminium-alloy, mechanical design makes it excellent in ventilation and cooling, helpful on heat dissipation but keeps strongness.
  - Triangular support structure makes it reliable. Anti-skid pads and protective hooks offer stability and prevent your device from sliding off.
- Package Content
  - 1 x Foldable Laptop Stand
  - 1 x Storage Bag
  - 1 x User Manual
