uCharge 240W 10-Port USB Smart Charging Station (P1230C)

Supports 8 USB-C and 2 USB-A ports for Laptops, Tablets and Mobile Charging.

Description:

UNITEK 10-Port USB Charging Station is designed to organize and fast-charge your devices in one convenient location. Users can charge a variety of devices, including laptops, smartphones, iPads, and tablets, through its 8 USB-C ports and 2 USB-A ports. Enjoy efficient charging for all your devices, keeping your space tidy and clutter-free.

Product Features:

- 10 Ports USB Charging:** This charging station provides 8 USB-C and 2 USB-A ports for charging various USB devices. Ideal for offices, schools, public transportation hubs, restaurants, and other public places, it offers users a convenient way to charge their devices rapidly. The USB-A ports support Apple 5V/2.4A and BC1.2 DCP (Dedicated Charging Port).
- Multiple Safety Protection:** This charging station is equipped with multiple safety protocols, including overcharging protection. It can intelligently compute the appropriate current and allocate power to charge each device.
- Adjustable Separators:** This charging station can easily accommodate smartphones, tablets, and laptops of various sizes, even with their cases. Each charging device is safely placed to avoid scratches, thanks to the included separators. This design helps save space for a tidy workspace.
- LED Indicator:** An LED light indicates the charging status in real-time. It displays the total power output based on the wattage needs of all connected devices.

Note: Do not place any device larger than 11 inches. Charging cable is not included.
