PrimeLink8K-300

PrimeLink8K-300 HDMI 2.1 cable allows you to unlock a new and amazing television and movie experience from the comfort of your living room. Supporting resolutions up to 8K@60Hz and 48Gbps bandwidth, this future-ready cable transmits ultra-high-definition audio and video streaming. With high refresh rates support, this HDMI cable ensures that the pictures are not blurry and eliminates dropout. The flexible 3-meter cable is the perfect length to connect your laptop or streaming device to your UHDTV or monitor

The Ultimate 8K Experience: This HDMI 2.1 cable lets you connect to a monitor, projector or HDTV with astonishing picture quality and resolution up to 8K@60Hz

Stable Transmission: PrimeLink8K-300 offers 48Gbps bandwidth for streaming uncompressed 8K video. It means no image lag and stutter for a super immersive experience for gaming or watching movies

Dynamic HDR: PrimeLink8K-300 ensures every moment of a video is displayed at its ideal values for depth, detail, brightness, contrast, and wider color range, optimized on a scene-by-scene or even a frame-by-frame basis

eARC(Enhanced Audio Return Channel): eARC supports the most advanced audio formats, such as object-based audio, which provides an immersive multidimensional experience. The enhanced audio detail and depth can position audio events from movie soundtracks in 3D space

300cm Length: Perfect 300cm length to use with laptops or other devices when you are on the go or even at your desk

Plug & Play: Simply connect to your HDMI-equipped laptop and other devices to enjoy a crystal clear viewing experience
