D1 Labels

Standard, Permanent or Flexible...
no labels are more durable.

Standard labels for hundreds of tasks around the office or home office, such as filing, storage, asset management, and reminders. Available in continuous label cassettes, you can create sharp, easy-to-read labels of just about any length.

Permanent labels look the same as standard labels but offer a powerful, permanent adhesive for when you want a label to stay put indefinitely.

Flexible labels are for curved and/or heavily textured surfaces and flag-marking cables. Its permanent adhesive means it will stay put.

Easy Peel

UV Resistant

Water Resistant

Temperature: 18° C/90° C
