

# APC Easy UPS 1 Phase Online

## Family Brochure

For IT professionals in small to medium businesses, Easy UPS Online provides basic power protection in unstable power conditions, ensuring consistent and reliable connectivity at the most critical moments.

APC Easy UPS Online is a versatile, highquality, cost competitive UPS developed to handle a wide voltage range and inconsistent power conditions, delivering the quality millions of IT professionals around the world trust.

That's Certainty in a Connected World.

#### www.apc.com

# APC Easy UPS 1 Ph Online Features

- > Tower Models (standard & extended runtime)
  - Available in 1, 2, 3, 6, 10 KVA
- Rack Models (standard & extended runtime)
  - Available in 1, 2, 3, 6, 10 KVA

## Extended Runtime Models Available

Add external battery packs to scale runtime from minutes to hours, fulfilling the needs of long runtime applications

## ECO Mode / Green Mode

Energy saving mode allows input voltage regulation range to be be set/modified through the LCD display

## **Generator Compatible**

Ensures clean, uninterrupted power to the loads during an extended power outage

## **High Power Factor**

More real output power in watts: 0.8 PF for 1, 2 & 3 kVA, unity PF for 6 & 10 kVA

#### Environmentally Robust Conformal coated

## Intelligent Battery Management

Maximizes battery performance through intelligent precision temperature compensated charging

## Overvoltage Cutoff Device Protection

Under special application with high voltage condition, OVCD protection will prevent the damage of UPS components and extend UPS lifespan

## Input Power Factor Correction

Minimizes installation costs by enabling the use of smaller generators and cabling

## Excellent Power Quality and Performance

True Double Conversion provides tight voltage, frequency regulation and zero transfer time for reactive loads

## Wide Input Voltage Range

60% Load: 110-300VAC (applicable to 6 & 10 kVA models) Allows for unstable power environments and minimizes transfer to battery

## USB Port / Serial Port

Provides management of the UPS via USB/serial communication

## Flash Upgradeable Firmware

Allows for field updates of firmware via communication ports

## LCD/LED Display

Intuitive interface provides detailed and accurate information about UPS status with ability to configure locally

## Power Conditioning

Protects connected loads from surges, spikes, lightning and other power disturbances

# APC Easy UPS 1 Ph Online Additional Features

## **Built-in Automatic Bypass**

Ensures seamless power to the load even in the event of catastrophic UPS failure

## Emergency Power Off (EPO)

Immediately remove power to all connected equipment in the event of emergency (applicable to standard & extended runtime 6 & 10 kVA models)

## Safety Agency Approved

Tested and approved to work with the connected service provider equipment and within the specified environment

# Easy UPS Online LCD Display

## LCD Display On/Off Status LED: indicates power is ON Mute/ESC button: Mutes alarm and serves as the Escape key when in the sub

- On/Off Button: Press to turn UPS On or OFF
- Enter Key: Press to enter the display menus and choose an option within the menu
- Alert LED: lashes red when UPS has a notification or is steady state when there is a fault
- Up/Down Arrows: Navigate keys through the display menus

## LCD Display Icons

menus of the display

UPS is in bypass mode

ALARM

Overload- connected load is drawing more than the power rating

Mute: audible alarm disabled

SEE Alert: UPS has detected error. Please see user's manual for details

An internal fault

is detected

ECO mode: illuminated when the unit provides utility power and power is within configured ranges

# Easy UPS Online Accessories

## Additional solution enhancement options

## Dry Contact Card (VGL9901I)

The UPS management accessory provides one dry contact input and six relay output interfaces to Easy UPS SRV series.

## Ideal applications:

- IBM server, personal PC and workstation equipment
- Auto-controlled industrial equipment and communication applications

## SNMP Card (APV9601)

SNMP Card provides direct communication with your APC Easy UPS and monitors the following:

- UPS status: load, battery charge, voltage
- Battery status: healthy, capacity & runtime
- Shutdown Wizard: remotely shuts down and reboots server

## Rail Kits (SRVRK1, SRVRK2)

APC Easy UPS Rail Kit provides simple rack mount installation, allowing for easy UPS maintenance while minimizing space needed.

## SRVKR1:

• Rail Kit for UPS / Battery Pack (700mm)

## SRVKR2

• Rail Kit for Battery Pack (900mm)

UPS Dry Contact Card VGL9901I

UPS Network Management Card: APV9601

## APC Easy UPS On-Line SRV 1000VA 230V

SRV1KI

 Includes: Basic UPS signalling RS-232 cable, CD with software, USB cable, User manual

## Output

•	
Output power capacity	800 Watts / 1.0kVA
Max Configurable Power (Watts)	800 Watts / 1.0kVA
Nominal Output Voltage	230V
Output Voltage Note	Configurable for 220 : 230 or 240 nominal output voltage
Efficiency at Full Load	88.0 %
Output Frequency (sync to mains)	50/60 Hz +/- 3 Hz Sync to mains
Other Output Voltages	220, 240
Load Crest Factor	3:1
Тороlоду	Double conversion online
Waveform type	Sine wave
Output Connections	(3) IEC 60320 C13 (3) IEC 320 C13
Bypass	Internal bypass (automatic and manual)
Input	
Nominal Input Voltage	230V
Input frequency	40 - 70 Hz
Input Connections	IEC 60320 C14
Cord Length	1.5meters
Input voltage range for main operations	110 - 285 Adjustable (half load), 160 - 280V
Number of Power Cords	1
Efficiency at Full Load	88.0 %
