

Y-3026

USB3.0 to SATA6G

Dual Bay Aluminium Docking Station

(With Offline Clone Function)

Introduction:

Usually, we have to install SSD/HDD to a computer directly to make it works as usual. However, it's cumbersome to carry and easily damage (HDD/SSD) if we plug in and out frequently. UNITEK Y-3026 is here to provide a brilliant solution for this problem. It supports all 2.5" and 3.5" SATA I, II, and III HDD and SSD up to any capacity. The 2 bays allow you to work with 2 hard disks at the same time. With the integrated offline clone function, you can easily clone your Disk A to Disk B just simply press the clone button. In addition, you can do it (clone function) without connecting to your computer. It is stylish, lightweight and its compact portable and multi-function design makes it ideal for work or entertainment situation and use as an efficient and versatile solution for external hard disk management.

Features:

- With aluminium enclosure, it's stylish and elegant.
- USB3.0 SuperSpeed data transfer (transfer speed up to 5Gbps).
- Backwards compatible with USB2.0/1.1.
- Support SATA III, SATA II and SATA I.
- Allow you to work with 2 hard disks simultaneously.
- With offline clone function, copy Disk A to Disk B just simply press clone button.
- Support mass storage, perfectly compatible with large capacity hard disk.
- Plug and play, no driver required.
- Support Windows XP / 7 / Vista / 8 / 8.1 / 10 (32 / 64 bit), Linux, Mac OS.

Specification:

Product Dimension	128 x 113 x 61 (mm)
Upstream	1 x USB3.0 Micro B (Female)
Downstream	2 x SATA Interface
Power	12V3A
DC Dimension	5.5 x 2.5 (mm)

Packaging Contents:

1 x USB3.0 to SATA6G Dual Bay Aluminium Docking Station
1 x USB3.0 Data Cable
1 x Power Adaptor
1 x User Manual
Packaging: UNITEK Gift Box
